Understood Better Each Day

The most successful business man is
the one who knows every detail of his
business and does not depend upon a
pull for his success. Each day this is
better understood. In no business is
a detailed knowledge more essential
than in the Building Trade. If you
want an estimate on any work in my
line, I'll be pleased to give you the
benefit of my many years experience.

DENTISTRY

Teeth Without a Plate
is the greatest boon of modern times. I
wish you could understand the differ-
ence between having teeth with a plate
and teeth without a plate. One is firm,
comfortable and lasts a lifetime; the
other covers the roof of your mouth,
destroys the best part of the taste,
One never falls down; the other
often does.
Where it is necessary to wear a
plate, DR. SYDLEMAN will make you
one that will fit.

Ingredients give to Hood's Sar-
saparilla its great curative power—
power to cure many and varied com-
plaints, including diseases of the blood,
ailments of the stomach, troubles of
the kidneys and liver.

Many of the ingredients are just what
the profession prescribe in the ailments
named, but the combination and pro-
portions are peculiar to this medicine and
give it curative power peculiar to itself.
Therefore, there can be no substitue
for Hood's. Get it in the usual liquid
form, or in tablets called Sarstabs.

Out of Order Now.

Says the New Haven Journal-Courier:
"The members of the New Haven
delegation in the general assembly do
well in dropping political differences
and uniting in opposition to the im-
pertinent proposal to have a legisla-
tive commission investigate the recent
purchase of land in this city by the
board of finance." This is what might
be looked for and ought to be. Should
it hereafter transpire that no local in-
vestigation can settle the matter sat-
isfactorily and justly in the eyes of the
great public, then an appeal to the
legislature might be in order. But such
an appeal now is certainly out of or-
der by all the rules that should govern
such things.—Bridgeport Standard.

The champion long-distance swim-
mer of France is Mlle. Alice Sadour.
This sport is in very great favor in
France, and the Seine in the summer
is dotted for miles with fair women
who practice there the races that they
love, although they may be only in a
friendly way.

Ice Binds Clock Hands.

The clock on the Westfield Congrega-
tional church continued to be out of
commission Thursday, as it has been
since the ice storm put an end to the
measuring of time.

Games Listed.

Killingly High school basketball
team will play a team from the Sacred
Heart academy of Worcester in the
armory this (Friday) evening. To-
morrow afternoon the Y. M. C. A.
Dreadnoughts will have the "Mighty
Five" of Jewett City as their oppo-
nents at the gymnasium.

Hurl and Burnes, comedians, have
been furnishing plentiful amusement to
the audiences at the Phoenix theater
this week.

Several members of the Bohemian
club enjoyed a day's outing and fishing
trip at old Killingly pond near East
Killingly Thursday.

POLES, WIRES AND CROSSARMS

Bent, Twisted and Damaged on All
Lines Because of the Storm.

There was some improvement in the
wire service Thursday as a result of
the continuing and strenuous effort
made by an increased force of linemen
to straighten out the tangle that re-
sulted from the ice storm. The men
are laboring, however, with the worst
clew they have ever been called upon
to face in years, and it will be sev-
eral days before the service is raised to its usual
standard of efficiency. One wire south
of Norwich, and two north to Put-
nam, were the only ones in working
order out of the local office Thursday
up to the middle of the afternoon, and
upon them was the burden of the toll
business. The local service is in fair-
ly good condition. The long distance,
New York to Boston, air line of the
American Telephone and Telegraph
company that crosses the country as a
bird flies, in a direct line over rivers
and through rights of way cut through
the woods, is in a bad way. Because
of rough and wooded country through
which the lines stretch for miles and
miles, and its inaccessibility at many
points, it will probably take two weeks
to replace broken poles, wires and
crossarms and remove entangling trees
and branches. The long distance peo-
ple sent out a number of linemen from
Danielson Thursday to clear up the
wreckage.

WEDDINGS.

Morency-Nado.
At St. James' church Thursday
morning Miss Emma Nado and Joseph
Morency, both of Danielson, were united
in marriage by Rev. Celestin Crozet.
They were attended by Miss Amy Ja-
cobas as bridesmaid and Charles Blau-
chard as best man, both being resi-
dents of Jewett City, where the groom
formerly lived. The wedding was
quiet, only a few relatives and friends
attending. The newly married couple
will make their home on Potter street.
Mr. Morency is proprietor of a local
laundry and his bride has been a mil-
liner in the employ of a local firm.

Danielson-Sweet.

At the home of Mr. and Mrs. George
Lawton Sweet in Brooklyn Wednesday
afternoon their daughter, Miss Bernice
Myra Sweet, was united in marriage
with James Albert Danielson of Dan-
ielson. Rev. George Geisung, D. D., of
Brooklyn, performed the ceremony un-
der an evergreen bower in the parlor.
The ring service was used. Frank J.
G. Bailey of Danielson was best man
and Miss Alice Turner of New Bed-
ford was bridesmaid. The bride's
gown was of white lace. She wore
a veil, held in place by roses.
Miss Turner wore white lace and
carried a snowier bouquet of en-
chantress carnations. The ushers were
Harold Robinson Hall of Fair Haven,
Mass., and William Pond of Meriden.
A reception followed at which refresh-
ments were served. Mr. and Mrs.
Danielson left early for their wedding
trip and upon their return will live
at the home of the groom near Daniel-
son. The wedding gifts were beau-
tiful. Among the out of town guests
were George Danielson, Edith Daniel-
son, Providence, Miss Ruth Danielson
of Wellesley college, Miss Florence
Danielson of Mr. Holbrook college, Ar-
thur B. Dean of Taunton, Mass., Frank
Lamb of Webster, Mr. and Mrs. Wil-
liam Pond of Meriden, Mr. and Mrs. E.
Cortis of Thompson and Mr. and Mrs.
Bradford W. Danielson of Moosup.

WARDEN DISSATISFIED.

States That Some Buildings Lack
Proper Exits in Case of Fire.

Warden William H. Marland, in view
of the recent Mexico theater disaster,
is again impelled to call attention to
some changes that he suggested be
made to provide safe egress from local
public places in case of an emergency.
In some instances, and in some re-
spects the changes suggested by the
warden have been made at different
buildings, but he is still dissatisfied
with the present exit arrangement of
other buildings. Warden Marland
states that he does not desire to stir
up any ill feeling by persistent insist-
ence on the changes suggested and
which he is empowered to enforce. If
he so desires, he believes that the
precautions should be taken to pre-
vent a possible repetition of the cata-
strophes that have been visited on other
places. The warden says he has felt
that his suggestions on the matter
should have been sufficient to cause the
changes and he did not believe it
would be necessary to force the issue.
The statutes plainly state his author-
ity to compel changes of the nature he
has suggested for the better protection
of the local public and cites several
instances where changes should be
made.

FUNERAL.

Frederick Barbeau.
The funeral of Frederick Barbeau
was held from St. James' church
Thursday morning at 9 o'clock. Rev.
Peter Roux was celebrant of the high
mass of requiem which was attended
by a large number of relatives and
friends of the deceased. Burial was in
St. James' cemetery.

Relief Corps Serves Supper.

The supper given by the ladies of
the W. R. C. in Grand Army hall on
Thursday evening from 5 until 8
o'clock was well patronized and a con-
siderable amount of profit was real-
ized.

PUTNAM.

**Social Evening for Hose Company—
Court Acquires Fred H. Wood—De-
feat for Southbridge Basketball
Team—Hospital Addition Planned.**

Mr. and Mrs. Philip Benoit attended
the funeral of Mrs. Benoit's brother,
Frederick Barbeau, at Danielson, on
Thursday.

Mr. and Mrs. H. S. Morse were vis-
itors in Boston Wednesday.

Herbert O'Neill of Hartford was the
guest of friends in Putnam Thursday.

C. J. Reynolds of Brockton visited
with Putnam friends Thursday.

John Matthieu of Webster has been
the guest of Putnam friends.

J. B. Rhodes of Worcester was a
visitor in Putnam Thursday.

Hose Company's Supper and Social.

The members of Mansfield Hose com-
pany enjoyed a social session and sup-
per at department headquarters Thurs-
day evening. The supper was served in
the room recently put up in the
basement of the building for such oc-
casions.

COVETED SHOTGUN

Was the Cause of Charles Miller's
Capture.

Charles Miller, now awaiting trial at
Brooklyn jail for the robbery of the
Brady residence at Pomfret, told
Putnam officers Thursday that they
caught him just as he was about to
leave the city for good. He said if he
had not gone back to Pomfret to get
the valuable gun, which was hidden
under a bridge, and which he expected
to sell in Boston for money that he
badly needed, he would never have
been captured, as he was about to
leave this part of the country. As it
is, his chances will not be good for
leaving for several years.

Marcus Trail Cutting Ice.

Marcus H. Trail of Putnam has
completed the building of an ice run-
way at Alexander's lake, and the work
of cutting was commenced Thursday.
About five thousand tons will be tak-
en out and stored on the property of
Newton Phillips at the north end of
the lake.

POLES SNAPPED OFF.

Linemen Trying to Repair Damage
Done by Storm.

Putnam linemen were at work near
White's crossing Thursday clearing up
the damage caused by the ice storm.
Several of the poles snapped off close
to the ground, carrying down more
than a score of wires that are parted
and twisted into a tangled mass. The
poles will have to be replaced, and it
will take some time to restore the line
to its normal condition. The sun of
Thursday cleared a great quantity of
ice from the line, and it is not likely
that any more trouble will occur from
that source.

SOUTHBRIDGE DEFEATED.

High School Basketball Team Wins, 16
to 10.

It was cold in the armory Thursday
afternoon, but Putnam High school's
team played a hot game of basketball
against the five from Southbridge
High school, defeating them by the
score of 16 to 10. The visitors were
never in the game at any period and
were far outclassed. Phibbs shot
eight field goals during the forty min-
utes of play, and Macdonald made six
successful tries for the basket.

WOOD NOT GUILTY.

Court Finds No Evidence of Complicity
in Theft.

Ex-Solemnman Fred H. Wood, before
the court on the charge of receiving
and concealing stolen goods, was found
not guilty and discharged by Judge F.
F. Russell in the city court Thursday
morning. The court regarded Mr.
Wood's action in openly exhibiting the
stolen goods as evidence that he was
not guilty of complicity in the af-
fair, and as also indicating that he
made no attempt to conceal the prop-
erty. The clerk is now in the
custody of the local officers, and will
be returned to its owners at the proper
time.

City Notes.

Putnam lodge of Elks will act on
nine applications for membership in
the organization at a meeting to be
held this (Friday) evening.

The directors of the Putnam Social
and Athletic club are arranging another
boxing exhibition for the members
on next Thursday evening.

Mrs. James D. Hall of Danielson is
a patient at the Day-Kimball hospital,
where she was recently taken to un-
dergo an operation.

Social events are over-crowding
each other for the brief period inter-
vening before the commencement of
the Lenten season.

W. R. C. bazaar in the afternoon and
an evening entertainment will be held
in A. O. H. Feb. 20. Evening adm. 15c.
—adv.

THREE STORY WING

To Be Built at Day-Kimball Hospital.

A three story wing, providing quar-
ters for the nurses, doctors, private
rooms, and space sufficient to relieve
some of the present congested ar-
rangements, is to be constructed at the
Day-Kimball hospital. The wing will
probably be built during the coming
summer.

Mrs. M. M. Dwyer visited in Bos-
ton Thursday.

Miss Anna Keith was in Boston on
Thursday.

F. X. Laporte of Woonsocket was
the guest of friends in Putnam Thurs-
day.

TELEGRAPH LINEMEN

Working on Damaged Poles and Wires
from Blackstone South.

A special train of an engine and one
coach came into the local yards at 6
o'clock last night. It carried about a
dozen linemen in the employ of the
Western Union Telegraph company, who
had been hard at work all day clear-
ing up the ice wrecked line between
this city and Blackstone, Mass. The
men were sent out from Boston, and
are working westward along the main
line of the Middle division towards
Hartford. Up to last night they had
made temporary repairs nearly to the
Connecticut state line. Wires and
poles are down all along the line, cross-
arms are broken off, and trees and
branches are lying on the wires in a
hundred places. The service is crippled
to a greater degree than has oc-
curred for years.

Second in importance to the ex-
portation of china from Limoges dis-
trict of France is that of "English"
walnuts. The walnuts are exported
either unshelled for use as dessert nuts
or in nut kernels—generally in halves.
The proportion is about one-third sent
unshelled and two-thirds shelled.
